Marco Zanetti

NGA Hall of Fame – 2018

Though this year marks the 39th year since the founding of the NGA, this is the 5th Annual NGA Hall of Fame tribute. Inductees must possess attributes that help shape the sport of natural bodybuilding and make exceptional contributions to further the growth, reputation, and character of the NGA and the sport we hold in such high esteem.

This year we are pleased to announce the 2018 NGA Hall of Fame inductee goes to: Marco Zanetti!

Marco has been a part of the NGA since 1992 which is when he began bringing his team of athletes to our show. And let me add that his athletes have always given the American athletes a tough competition. This year he brought with him 10 athletes from Italy!!!

Marco has been a promoter of natural bodybuilding in Italy since 1986. He contributed to the foundation of the first natural bodybuilding organization in the 80s becoming Italian champion in 1998 and President of the FIBBN in 2005.

The FIBBN has been working with the NGA continuously since 2012 He has

prepared 20 different world champions, 30 European champions and about 50 Italian champions,

Marco has successfully worked as a sports trainer and nutritionist for athletes for 25 years and is a pioneer of cyclical nutrition and natural preparation in bodybuilding. He has three degrees: one in Pharmacy, one in Biology, and a master's degree in Human Nutrition. After graduating in the United States, he founded one of the first schools for Personal Trainers in Italy. He carried out in-depth courses on the science of gastronomy at the University of Hong Kong and Nutrition for Human and health promotion. He promotes his articles and collaborates his commitment against Doping in Sports.

Today he continues to provide advice for companies involved in the integration of natural sports for athletes who want to undertake a fitness preparation in a natural way taking full advantage of the potential of their body by combining exclusive supplementation, training, and accompanying them in the path of sports rehabilitation supported by updates in the food and sports field.

Marco actively promotes training for Personal Trainers and Instructors for Natural Sports with articles and appearances on Italian national TV.

With that said, will everyone please stand and help me give a warm welcome to our guest of honor, NGA Promoter, President of the FIBBN Marco Zanetti, as he joins us on stage for the presentation?
